

# Full throttle.

## Strategic IT, delivered with precision.

New Zealand Public sector are tasked with delivering complex digital transformation and ICT modernisation programmes. This is to be achieved while navigating multi-vendor environments, data sprawl, fragmented platforms, and tightening security and compliance requirements.

**Resource limitations make strategic delivery highly challenging.**

Softsource vBridge Professional Services provide senior advisory and technical expertise to help public sector organisations plan and execute ICT modernisation and digital transformation with clarity. We work directly with ICT leaders to deliver focused guidance, structured governance, and hands-on technical delivery across cloud, critical security uplift, infrastructure, and the modern workplace.

# Key outcomes for councils and public sector agencies

## Strategic advisory and virtual CIO support

- Align ICT and digital transformation strategy with organisational goals and service priorities
- Roadmaps for modernisation, cloud adoption, and future-state architecture
- Support with business cases, prioritisation, and investment planning

## Accelerated technical delivery

- Implementation support for cloud migration, M365 uplift, identity and access, hybrid infrastructure, and security improvements
- Access skilled engineers who accelerate project timelines, working with internal teams
- Structured delivery frameworks that ensure predictable, well-governed digital transformation outcomes

## Critical Data governance and risk reduction

- Guidance aligned to New Zealand public sector standards and compliance requirements
- Clear documentation and controls for managing the sensitive data lifecycle and retention
- Risk reduction across operational, security, and data management areas

## Faster progress with fewer resource constraints

- Access to the right specialists at the right time
- Increased delivery capacity without long-term recruitment or resource costs
- Faster achievement of digital transformation milestones

## Why public sector agencies choose Softsource

- Proven experience delivering ICT and digital transformation projects across local government
- Elite Microsoft Solutions Partner across Azure, Microsoft 365, Security, and Identity and Access Management
- Defined, outcome-focused project engagement models (time, budget, scope)
- Strong understanding of New Zealand data sovereignty, compliance and public sector procurement frameworks
